WORK EXPERIENCE

CityMD

Jan. 2018 – Aug 2019

Medical Scribe

Forest Hills, NY

- Managed a minimum of three or more patients per hour. Escorted patients to exam rooms and proceeded to record vitals, past medical history, their chief complaint, and questioned patients about history of present illness.
- Performed strep tests, flu tests, EKG's, orthostatic vitals, urinalysis, pregnancy tests, visual acuity, and color vision exams
- Documented physical exams, treatment methods, vaccinations, referrals for specialists, diagnostic imaging orders, and transmitted medications to pharmacies.
- Assisted in laceration repairs, abscess drainages, pelvic exams, paronychias, burn care, wound care, ortho care, cerumen removals, suture/staple removals, and nebulizer treatments.
- Communicated with patients, pharmacies, and external physicians over the phone under physician guidance.

Richmond County Ambulance

Mar. 2017 – Jan. 2018

EMT-B

Far Rockaway, NY

- Provided BLS services to patients in emergency and non-emergency situations.
- Transported patients to appropriate facilities while following BLS protocols as indicated in the Regional Medical Advisory Council of NYC and the NYS Department of Health.
- Documented patient demographics, medical complaints, physical assessment findings and medical interventions.

Barnard College

Jan. 2016 – Aug. 2018

Biology and Medicine Instructor

New York, NY

- Taught and developed lessons to enrich biological and medical foundations of NYC students.
- Created a curriculum centered around the cardiovascular system and cardiovascular issues.
- Provided instruction on CPR, blood pressure, bleeding control, and splinting.
- Mentored student progression through a project-based learning curriculum.

Little Neck Douglaston Community Ambulance Corps

Sep. 2016 – Sep. 2017

EMT-B

Little Neck, NY

- Responded to emergency calls dispatched by FDNY 911 system transported patients to the appropriate medical facility.
- Assessed and safely managed patients suffering from traumas secondary to MVA or assault.
- Successfully applied bleeding control, splinting, and medical protocols as indicated in the Regional Medical Advisory Council of NYC and the NYS Department of Health.
- Completed detailed pre-hospital care reports, documented patient demographics, medical complaints, physical assessment findings and medical interventions.
